

# Multifamily Housing Renovation Program Replacement Cabinet Doors & Drawer Fronts

Custom Components for Multifamily Housing

RENOVATION SOLUTIONS®

*Complete*

## SOLUTIONS FOR MULTIFAMILY HOUSING

Refacing is one of the most efficient ways to update a worn or outdated kitchen. By preserving existing cabinet boxes and adding new doors, you can achieve a fresh space that will increase property value. Our program was constructed to help you increase your net operating income, make the most of your budget, and add tenant appeal all within a quick turn-around time.

Buying from North Pacific Industries means a number of benefits: volume discount pricing, flexible order quantities, free measures, short lead times, design options to fit your budget, delivery solutions, packaging by unit, and excellent customer service.

Whether you own, manage or build in the multifamily housing industry, NPi is your comprehensive partner for a wide variety of renovation projects.

*Advantage*

## REFACING WITH 3D LAMINATES

3D Laminates are ideal for refacing because of their durability, cost-effective longevity and design versatility. Discover the many advantages of refacing with 3D Laminates below.

Investment with Longevity	Material maintains color consistency over time
	Scratch, mar, impact and water resistant
	Cleans easily with just soap & water
Budget Friendly	Re-door, reface or partial reface options with doors, accessories and surfacing materials
	Existing cabinet boxes can be preserved
Tenant Appeal	Available in desirable colors, textures and patterns
	Door styles in modern, transitional and traditional

### 3D LAMINATE COMPONENT WARRANTY

3D Laminate components manufactured by Northern Contours, Inc. are warranted by the manufacturer to its customer against defects occurring in the manufacturing process. Northern Contours also guarantees the product against delamination or surface discoloration for a period of 5 (FIVE) years from the date of original installation.
