DRIP TRAYS

Patent Pending

- Neutral beige color.
- Protects the base of the cabinet under the sink against water leakage.
- Easy to clean.
- Made to catch drips before they cause permanent damage to the cabinet.
- Sized to fit kitchen sink base cabinets with no cutting with an easy score and snap line to fit vanity cabinets. Drip tray can be cut to size up to 1-1/2" wide by 3" deep.
- Can be used to cover drip damage in existing cabinets.
